## From the Leadership cont...

### Attendance: Make every day of learning count

Absences quickly add up over each term. The table below shows how quickly absences add up each term and this directly affects the amount of time students are engaged in learning each year.

Please ensure that if your child is absent from school a phone call or text message is made to the Office or classroom teachers are notified through student communication.

Amount of absences each term	Amount of learning each year
0 days = 50 days of learning!	0 days = 200 days of learning!
2.5 days = 47.5 days of learning	10 days absent = 190 days of learning
5 days = 45 days of learning	20 days absent = 180 days of learning
7.5 days = 42.5 days of learning	30 days absent = 170 days of learning
10 days = 40 days of learning	40 days absent = 160 days of learning
More than 10 days absent every term = less than 40 days of learning	More than 40 days absent every year = less than 160 days of learning

At the Orientation Night we will discuss the purpose of the project and outline proposed project activities, together with the issues of cybersecurity and online safety.

Come along and you can reserve your child a spot in the Pilot Digital Innovations Program.

### Criminal History Screening

We have been asked about changes to the DECD Criminal history screening procedures. We have attached some information for you.

### What is relevant history screening?

It is a screening process undertaken by the Department for Communities and Social Inclusion Screening unit that involves checking the person's criminal history and any other relevant information that is lawfully available to the Screening unit. It can include information from the police, courts, prosecuting authorities, child protection and professional registration bodies.

### Examples of when screening is not required

Examples of when screening is not required to volunteer in a DECD site or service include:

- parents or guardians who volunteer in connection with an activity that involves their own child (such as volunteering within their child's own class)
- one-off guest appearances such as presentations and concert performances that are supervised by screened staff, eg teachers
- parents involved in one off events such as sports days, working bees and whole of school events including a swimming program which their child is attending
- parents or guardians volunteering on a governing council that is not the employing authority of an out of school hours service (OSHC).

### Examples of who must be screened

#### Employees

- all employees of a part-time, full-time or casual basis employed by the Department for Education and Child Development (DECD)
- teachers are screened through the Teachers Registration Board of SA as part of the registration process - no further screening is required.

#### Volunteers

- parents or guardians attending overnight camps or school sleepovers
- hosting billet families
- those in close contact with students with disabilities in special classes or schools
- sports coaches who are not parents or guardians of a child in the team
- parent volunteers, if their own child is not involved in the service or activity
- Families SA volunteers.

#### Students

- tertiary students and supervisors
- adult re-entry students who have been out of school for 6 months or more
- student undertaking work experience in a preschool or child care centre.

If you have any questions about screening or these changes, please speak with school staff.

### School Banking

It's wonderful to see so many young bankers at St Leonards. Don't forget to fill in your name and student number, the date and deposit amount on the banking slip. This makes our volunteers jobs much easier.

Every Tuesday morning before the bell, take your bank book to the Uniform Shop located near the Office. Please do not put it in your class box. It will be returned to you later in the day. Keep on saving!

### High School Special Entry Programs

Year 7 students wishing to apply for special entry programs to their preferred high school are advised to check secondary school websites. The websites will have information regarding those programs and submission cut off dates.
